

**2025 Annual General Meeting of Shareholders (the "AGM")
STMicroelectronics N.V. (the "Company")**

SECURITY NOTICE

Shareholders are advised that, to ensure the security of the event and its participants, a set of security measures may be implemented prior to accessing the General Meeting of Shareholders (AGM), including ID controls, security gates and metal detectors. Bags and luggage, as well as laptops and tablets, must also be presented to the security staff and deposited in the checkroom.

In this context, only shareholders or their representatives who will have duly registered in advance to attend the AGM, as well as persons expressly invited by the Company, will be admitted to attend the AGM.

With the above in mind, we do recommend that you arrive at the registration desk at 10:15 a.m. with your valid identification.

Shareholders are invited to regularly consult the AGM dedicated webpage (<https://investors.st.com/governance/general-meeting-shareholders>), which will be updated, if necessary, to specify or fine-tune the final modalities for holding and participating to the AGM.
